PETITION TO REVIVE AN UNINTENTIONALLY ABANDONED APPLICATION UNDER 37 CFR 1.137(b) AND MPEP 711.03(c) III

Sir:

A Notice of Abandonment dated February 2, 2005 was recently received by Applicant. The reason for the Notice was that Applicant failed to timely pay the Issue fee and publication fee (if applicable) that was sent along with a Notice of Allowance, date unknown.

Applicant has now completed a review of all the correspondence in the file and cannot locate any such Notice of Allowance and Issue Fee due notification for the above-identified application. The undersigned hereby states that a search of the file jacket and docket records indicates that the Notice of Allowance communication was not received. In view of the above, the above-identified application was abandoned because the Notice of Allowance was never received, and the abandonment thereof was clearly unintentional.

The abandoned application was a utility application.

Please charge the petition fee under 37 CFR 1.17(m) in the amount of \$ 1500 to Deposit Account **50-1407**. A duplicate copy of this sheet is enclosed.

The entire delay in filing the required reply until the filing of this grantable petition was unintentional.

Please reissue and remail the Notice of Allowance, Notice of Allowability, and any other documentation that was mailed with the Notice of Allowance, along with the grant of this Petition.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

Respectfully submitted,
